Subject: Black Tea is represented by CNSL

The 308 request was received by the o/o and CEO, Chris Leiker. I am coordinating the June 9-10 inspections with the Director of Operations, Mike Attbury. Mike informed me this morning that Charles Steincamp of Depew & Gillen in Wichita will be providing the 308 response.

I requested Mike to provide me copies of SPCC Plans and the associated inspection records for each of the leases outlined in Attachment 2 of the 308, and he has pointed me to Chris Steincamp. If Black Tea has Plans prepared and implemented, it would be helpful to review these during the car ride west to Oakley KS on June 9.

“Our highest endeavor must be to develop free human beings who are able of themselves to impart purpose and direction to their lives. The need for imagination, a sense of truth, and a feeling of responsibility—these three forces are the very nerve of education.”
